**ROMA, QLD 4455**

Vendor: Matt and Anna Ahern, Email: bulala@bigpond.com, Phone number: 0428751740. Pascoe is an outstanding bull whichever way you look at him and one of the best we have ever offered for sale. His combination of carcass traits, style and structure are hard to find. He also has an impeccable nature and is bred for production and longevity. His dam, who remains in the herd at 11 having just had her 9th calf and his grandam have both been prolific breeders for us. This bull has the ability to either breed you bulls, or steers which will meet any market specifications. Pascoe is vaccinated with 7 in 1, 3 day, 3 germ blood and Vibriovax and has been semen tested.
